## EDITORIAL COMMENT

"Hell is paved with good intentions"—said wise Dr. Johnson. A hundred years before him, pious George Herbert uttered the same thought: "Hell is full of good meanings and wishings." The intentions of the Washington Conference are undoubtedly good; likekwise, its sessions, secret and open, are probably filled with good meanings and wishings. Let us hope, however, that this simile may never be carried further.

There be those who know, who say that Jazz is waning. We believe it. But in its brief sway it did much good. It planted the seed of music where it never existed before. Bad music is better than no music; the same as bad literature is better than no literature. By bad we mean poor—not vicious. Harold Bell Wright, with his editions of millions, plants the seed and nourishes the soil for better books, eventually. Jazz music is a step towards the symphonies of Beethoven. Let us rejoice, then, and give thanks that it was!

The Census Bureau, which every decade tells us where we are at—now informs us that the families in the United States continue to decrease in size. We do not feel that there is cause for alarm in this. The main use and object of large families in the past was to furnish more soldiers for the armies—more food for powder, as the vulgar put it. But with war coming to an end—perhaps quality will supersede quantity in desirability. You remember the old fable of the lioness, who being taunted by a she-wolf that the latter had five or six whelps at a litter, whereas the lioness had only one cub—replied: "Yes—but that one is a lion!"

The work for prohibition still goes on in Great Britain with unabated vigor. 115,000 school-teachers have just signed a memorial, urging that no alcoholic liquor be sold to children under eighteen years of age. Pussy-foot Johnson's eye was worth, in our opinion, a hundred thousand votes in bibulous Britain. That is why he smiled when the roughs, toughs, and rowdies put it out!

Washington, official and unofficial, listened yesterday afternoon to German Richard Strauss interpreting his own music; to a German cellist and violinist playing his sonatas; and to a German fraulein, singing his German songs in intensely German language. Official Washington was there and applauded. Mrs. Harding sat in a box and clapped her hands with the rest. But the truth is, music speaks a universal tongue. It belongs to all times and all climes. Who of us would have given up the music of Beethoven, Bach, Schumann, Wagner, or Mozart—because we were at war with Germany?

One of the latest movie-stunts is to show a volcano in eruption. Smoke, steam, and stones of every size, vomit from the crater. Flames lick the very clouds with their red tongues. Molten lava pours down the quaking sides of the mountain-slopes in fiery streams. Fissures widen, chasms yawn, and you glimpse the infernal regions themselves, in action. Several hundred actors dash hither and yon houses fall and crumble about their heads, and altogether it is a piece of realism hitherto deemed impossible of human achievement. But the mechanics of the movies are making huge strides. Some day we shall behold the evolution of a genius in this one province—and then all past performance will seem like child's play to his inventions. As yet, however, they are scarcely out of the miracle-stage to the present generation.

Next week is Education Week in the United States. We note Mayor Duncan's proclamation; we have printed several communications and much information matter; and we hope our Public Schools will hold proper observance of the occasion. We understand all our civic bodies will likewise aid in making the week memorable in Alexandria. Why not? Education is the cornerstone of any Democracy, more especially this of ours. We cannot emphasize its importance too strongly; nor can we relax our efforts to instil into the growing generation the undying truth that this country owes its all to the public schools—to the widest-spread intelligence among the great masses of its people!

# Make Merry at Event Given By Kiwanians

## Kiwanis Entertainment Attended by About 250 Persons Among Whom Were 100 Women

## SNAPPY PROGRAM WAS GIVEN

### About Forty Boost Prizes Are Awarded to Ladies—Story of the Broken "Cut Glass" Dish Told—Big Gong Keeps Speakers in Their Place—Excellent Dinner Served.

Comus, the God of mirth, resigned last night for three and a half hours at the first annual ladies' night celebration of the Kiwanis Club. The affair was a pronounced success from the time the gathering was called to order till the singing of "Auld Lang Syne" shortly after 10 o'clock. There was something doing every minute and the fun kept every body in good humor and the ladies expressed the hope that the Kiwanians soon would give another ladies' night celebration.

Approximately 250 persons attended the celebration among whom were more than 100 women. From the time the bell sounded and President Julian Y. Williams called the gathering to order, when Rev. Dr. John Lee Allison pronounced invocation, there was not one dull moment and there was entertainment and noise galore from then onward. Surprises came thick and there were music and songs, talks, although the talks at the Kiwanians feeds are limited to five minutes and frequently they did not last that long, it all depending on the humor of the audience.

To prevent anybody getting bored by any long winded speeches there was a big bell in operation that sounded like a fire gong and when this was rung it was time to sit down. The order was carried out to the letter.

The singing was led by Kenneth W. Ogden and Mr. Ogden gave two solos which were greatly enjoyed. Charles Roberts also joined in as song leader later in the evening.

George H. O'Connor, introduced as an old St. John's Academy boy, proved that time has not changed his voice, for George was there with bells on and he was encorsed several times. His accompanist was George Wilson of Washington.

Professional entertainers from Washington were there in goodly numbers and they gave songs and some clever vaudeville sketchers, keeping the audience wide awake without any great amount of effort.

There were whistles and rattlers and other noise making devices which were put to good use by the banqueters and the regular Kiwanian Songs were sung during the evening, including "America," "Kiwanis," "Smiles," "What Made Nellie Feel So Queer," "The Old Family Toothbrush," "Traders." The music was furnished by the Illch orchestra.

A short speech in which he declared the Kiwanians believe in the Golden Rule was made by President Williams. The Alexandria Kiwanis he declared is young but has done some constructive work, adding "With you ladies to back us up we are bound to go on."

George Warfield first president of the club, was introduced as one of the most active members of the club, and it was announced that as a token of its appreciation of his splendid services the club desired to recognize him in a suitable manner and accordingly had purchased a handsome "cut glass" dish as a gift for him.

The Kiwanians selected J. Randall Caton, Jr., to make the speech of presentation and Mr. Caton surely hurled the English language at Mr. Warfield as the latter stood beside him on the stage.

The audience was ready for applause, but just as he was about to hand the alleged "cut glass" piece to Mr. Warfield he, by a prearranged plan, permitted it to crash to the floor of the stage breaking into a thousand pieces and Mr. Warfield took the joke in true Kiwanis style and as the crash came President Williams arose and directed that the audince sing "Smiles," and they surely did sing.

J. D. Hank of Washington, was called on for a talk and he took the floor without any hesitancy and congratulated the club on its rapid advancement and the great work it is doing. Mr. Hank said with the ladies behind you there is nothing impossible to be a ccomplished. The Kiwanians he declared are doing a wonderful work. If a man lives for himself alone he does not want to join the Kiwanians he asserted. The Kiwanians are good for anyone believing in the brotherhood of man he said. There are now over 50,000 Kiwanians and by next June he predicted a total membership in the United States and Canada of 100,000 and that ultimately it would extend over to Europe. If the principles of

Washington, Dec. 2.—While the drama of the conference on the limitation of armaments is slowly evolving it becomes more and more clear that once the question of navies is out of the way the matter of land armament will have to be dealt with, at least in principle.

The delegation most interested in land armament is the Italian, but Senator Schanzer, head of that delegation has made it abundantly clear that Italy has "no program to propose." The smaller nations represented here, namely, the Dutch and the Belgians, have not been invited to discuss the armament question. Their function is to aid in the problem of the Far East but they are watching the course of events and have already expressed themselves as being concerned in the questions of poison gas, air craft and the rules of warfare. It seems quite probable, therefore, that before the conference is brought to a close, some of the smaller nations will bring up the question of land armaments, affecting, as it does, their welfare and national security.

Far from being "deadlocked," as some reports would have it the Conference on Limitation of Armaments is still in a fair way to success, despite the seeming inability of American and Japanese naval expets to reconcile their differences in figuring national defense requirements, and despite the formal Japanese request for a 10-10-7 naval ration which is untenable to the United States.

Because the naval experts have been unable to agree and because informal conversations have not cleared the way for Japanese acceptance of the Hughes plan in full, Secretary of State Hughes, Arthur J. Balfour and Admiral Baron Kato, representing the three powers most concerned in the naval agreement have met in an attempt to compose the outstanding differences in principle. They are the three men who have the final word in settlement of disputes and who have the power to make agreements and it is now up to them to overrule or back up the contentions of their experts as they see fit.

A new armored mail truck which will afford every protection to mail drivers was tried out yesterday by Postmaster General Hays in the presence of moving picture photographers. The body of the truck is armored with steel and the front of it, including the windshield, is encased in specially prepared glass which is bullet proof. The truck was taken to Ft. Myer where soldiers attempted to penetrate the windshield with 45 calibre Colts. The attempts, however were not successful

The next time President Harding goes horse-back riding he will probably be accompanied by Mrs. Harding. The First Lady of the Land has just been presented with a beautiful, thoroughbred sorrel mare, raised in Maryland and trained to be a jumper and hunter. Mrs. Harding has become greatly attached to the horse and it is predicted that she will be found trailing along with the President when he takes his rides thorugh the bridle paths to the south of the White House. Mrs. Harding in her younger days, was very fond of horseback riding, but she met with an accident which necessitated her giving up this form of recreation. Ever since the President took to horse-back riding, Mrs. Harding has longed to accompany him on his trips. She feels now that she has the very horse she has been looking for and has expressed a desire to resume her favorite means of rcreation.

# TO HOLD MORSE ON ARRIVAL OF SHIP AT HAVRE

## Will Not Take Shipbuilder Off Ship It Is Announced

## STATEMENT GIVEN

### Had No Intention of Leaving Country to Avoid Grand Jury Investigation.

30—Washington, Dec. 2.—Aroused by the departure of Charles W. Morse, New York shipbuilder, from the country just as the government is about to place before a federal grand jury its investigations of his transactions with the shipping board, officials of various departments are considering tonight what means may be taken to bring him back to the United States.

It is hoped, department of justice officials said, that word can be sent to the French government in time to permit Morse's detention at Havre tomorrow morning, when, according to latest advices, the French steamer Paris, on which he sailed from New York, is due to dock.

Early in the day the department of justice called on the navy department to send a destroyer to meet the vessel outside of Havre and take Morse off the ship. No such order was issued by the navy department, however, and officials declared later that they were without authority to act in that manner.

Tonight a plan to cancel the passport issued to Mr. Morse was under consideration. The effect of such action, it is understood, probably would be that the French government might, under representations from the United States, refuse to permit him to land. His return to the United States on the Paris probably would result.

Any impression that Morse left the country to avoid grand jury investigation was denied by his sons in the statement issued through Mr. Lambert.

"Attention has been called," the statement said, "to articles appearing in the daily press, the tendency of which is to give the impression that Mr. Morse has surreptitiously, and in disguise, sailed from the United States to avoid some proposed grand jury investigation. The truth is that he sailed on the Paris on Friday of last week under a passport issued to him in his own name and vised by government officials at the pier, without any knowledge of the government's intentions beyond the fact that they have geen making an investigation for over a year.

"He did not know the government proposed to lay the matter before the grand jury, nor does he or any member of his family know, except by rumors, that there is any such intentions. He could not have anticipated that Mr. Dobyns, special counsel for the shipping board, would do the unprecedented thing of announcing his purpose publicly, which announcement was made five days after he had sailed. The government vised his passport and they have reason to believe knew that he had sailed when its statement was issued.

"The sailing last month was his third sailing to Europe within the last twelve months for the treatment of a malady which seems to be growing daily more serious. The last sailing was under the advice of his family physician for the betterment of his physical condition.

"It is false for any one to suppose that he could avoid an indictment by a trip abroad. Everyone knows that the government has the power to secure his presence. It would be unthinkable that he should wait around in a critical physical condition."

From current gossip, the statement continued, it has been learned that the government proposes to indict not only Charles W. Morse, but "other Morses and other individuals" connected with contracts getwen the Morse companies and the Emergency Fleet corporation.

"It is proposed," the statement said, "to meet whatever charges may be made by the government, and furthermore intended that they shall in a proper way, somewhere, some time, have their liabilities to our com-

# Oehlert Given Twenty Years For Briscoe Murder

## Jury Returns Verdict After Being Out Thirty-Eight Minutes at Fairfax Today

## OVERRULE MOTION FOR NEW TRIAL

### Attorney Burke Serves Notice He Will Appeal The Case —Court Allows Sixty Days In Which to File Appeal—Oehlert Will be Kept at Fairfax Pending Appeal—History of Case.

Willam H. Oehlert, charged with fatally shooting Henry Briscoe today at Fairfax Courthouse was found guilty of murder in the first degree by a jury and the jury fixed his punishment at twenty years in the state penitentiary at Richmond, Va. The jury was out exactly thirty eight minutes, the case being submitted to them at 11:15 o'clock and they walked back into the courtroom at 11:53 o'clock. Oehlert appeared nervous and restless as the jury entered the room. Mrs. Oehlert also was present when the verdict was announced. James Adams was foreman of the jury.

Immediately after the verdict had been announced by the court, Judge Samuel G. Brent, who presided, asked Oehlert if he had anything to say why sentence should not be pronounced and he made no reply, where upon the court directed Jailor Harvey Cross to take charge of the prisoner and to guard him well. Oehlert soon was back in jail, only seventy-five yards from the court house.

Attorney Edmund Burke, who with Attorney Carl Budwesky of this city, represented Oehlert, and made a motion for a new trial on the ground that the evidence presented in the case was not sufficient to warrant the verdict higher than manslaughter and he cited a number of authorities to bear out his contention. Judge Brent stated that he was familiar with the authorities cited by Mr. Burke and that the sentence was fully justified and he there upon over ruled the motion for a new trial.

Mr. Burke, however, announced that he would appeal the case and Judge Brent allowed him sixty days in which to appeal.

Pending the proposed appeal Oehlert will be kept in the jail at Fairfax it was announced.

The final argument in the case for the state was made this morning by Acting Commonwealth's Attorney Wilson Farr who made a brilliant address in which he asked the jury to return a verdict of first degree murder. Mr. Farr's address to the jury lasted exactly one hour and ten minutes.

There were probably 100 persons in the courtroom when the verdict was given, among whom were a number of Alexandrians.

This trial which began Wednesday in the court at Fairfax, has attracted considerable attention in this city. The verdict was eagerly sought and today the Gazette was besieged with phone calls regarding the verdict.

The shooting of Briscoe took place the night of October 15 on the Camp Humphreys road about two miles south of Alexandria in Fairfax county. Oehlert's defense was that rocks were hurled at him by someone in the Briscoe party, and that he fired simply to scare them not intending to kill anyone. He added that he did not know that he had shot Briscoe till he was arrested the next morning at his home here.

The bullet entered Briscoe's abdomen and he died the folowing night at the Alexandria Hospital.

The deceased is survived by his wife and six little children. Briscoe and his family lived in Fairfax county near the scene of the shooting. The widow of the slain man has attended the trial of Oehlert. She, however, was not present today when the verdict was given.

According to the testimony adduced at the trial, Oehlert accompanied by Richard Burnett went out for a drive in a car of Oehlert's and they came across Briscoe and two other men. One of the men in the Brscoe party had an argument with Richard Stuart of this city regarding the automobilee in which Briscoe was a passenger blocking the road, it having stopped in order that Briscoe might get a letter from a mail box nearby. The argument was, it was testified, entirely of a friendly nature and was about over when Oehlert drove up and got into the argument. Oehlert then left the scene and fired several shots from the rear of his car, one of them striking Briscoe. Oehlert then drove to Alexandria and later in the night went directly to his home where he remained till taken in custody by the police.

Since being confined in the jail at Fairfax Courthouse Oehlert made an unsuccessful effort to escape, and at first it was thought he had escaped but several days afterward the prisoner was found hiding beneath the

## Legion Auxiliary

### Address Given By Dr. Kate Waller Barrett

A called meeting of the American Legion Auxiliary was held last night, at the Chamber of Commerce, with a large attendance when Dr. Kate Waller Barrett, state president, made a splendid address, giving a report of the American Legion convention in Kansas City on October 31 and November 1 and 2. At this convention the name of the organization was changed from the Woman's Auxiliary to the American Legion to "The American Legion Auxiliary."

The Alexandria unit has the distinction of having had one of its members, Dr. Barrett, the only woman on the stage with the five noted guests, Marshal Foch, General Diaz, Admiral Beatty General Jacques and General Pershing, during the dedication exercises of a Kansas City memorial temple to the heroes of the World War. Dr. Barrett reported an attendance of over 150,000 visitors to the convention.

The regular meeting night of the auxiliary has been changed from the second Monday of each month to the first Thursday, and during the winter and early spring meetings will be held on both the first and third Thursdays of the month, to expedite the work of making poppies in preparation for the observance Memorial Day. A visiting committee composed of Mrs. John H. Trimyer, Mrs. Samuel B. Moore, Mrs. Margaret Scott, Mrs. T. Clifton Howard Mrs. Zora Peyton and Mrs. Frankie Howell was appointed to see all members, and others eligible for membership, and urge attendance at meetings and co-operation in Legion work.

## THE PEOPLES AT CONFERENCE

The peoples are not in conference at Washington—but they are at conference—directly and indirectly. The national delegates are direct representatives of their respective governments; they receive their instructions from the foreign ministers or the prime ministers. These in turn are the representatives of whatever party may happen to be in power at the moment; and that party, likewise, is subject to the mandates of the national legislatures. The legislatures are responsive, at last, to the people's will, and are continued in office or defeated, as they conform to or disobey that will.

It is noticeable that for the first time in history, at an international conference, kings are neither consulted nor represented. They are the empty shells of power—not its meat and substance. They are, indeed, mere kings of the shreds and patches of royalty. Within the present century this last vestige of the divine right of monarchs will probably melt away completely and disappear, as the sun of democracy rises higher and higher in the political heavens.

But the peoples are represented, nevertheless, in another and more direct way at the Conference. The delegates are being flooded with thousands of letters daily from all parts of the world, with threats, prayer, objurgation and entreaty. The postoffice authorities at the national capital say that within the memory of the oldest employee there has never been such a ceaseless and overpowering inundation of the mails. The interest taken by women in the subject-matter of peace, and more especially now that they are enfranchised, is one of the stupendous good signs of the times. Comes an old woman from far-off Japan, bringing with her a petition signed by a hundred thousand of her fellow-country women — urging disarmament. Here, too, in our own country is borne the supplication of the W. C. T. U., signed by a hundred thousand American women. The churches have at last found a common voice and vocation, and have sent an album containing the signatures of twenty-five thousand of the preachers of the peace-gospel of Christ. All the religious denominations of the United States, — Protestants, Catholics, Jews, Christian Scientists, Theosophists—are marching under the banner of one Deity—with one great prayer ascending to Heaven from lips that move in unison. Organizations of every class and circumstance are swelling the chorus. The Presbyterian Church in Scotland sends a wireless message that it voices the sentiments of a million members. The Labor Unions, the Rotary and Kiwanis Clubs, the Fraternal Orders from everywhere, send their petitions by the score. This is, indeed, the mandate of the millions.

Altogether, the world has not seen the like. The movement is apparently world-wide and is gathering strength and numbers as the days roll on. The only similitude in history that we now recall, is the religious frenzy that broke out all over Europe during the Crusades; dying away at times, but again and again replenishing its fires with fierce and fiercer ardor.

We have called the Disarmament Conference the greatest conclave of the peoples known to History. We have designated it as the first step ever taken by the world—*as a world*—towards universal peace—and quite the most momentous happening in the last six thousand years!

We are already justified by the memorable incidents in daily progress. We await confidently our more complete vindication in the coming events whose portentous shadows are even now cast upon the Conference at Washington.

## WASHINGTON--DAY BY DAY

(Continued from page one)

naval proposals concerns only the Japanese attempt to retain the newly commissioned battleship Mutsu.

The Japanese contention for a higher naval ratio is based solely on the desire to keep the Mutsu a 37,000 ton ship, which, added to the 300,000 tons allowed Japan would give her a strength of approximately 7 as compared to Great Britain's ten and America's ten. Also the previous Japanese conditional acceptance of the Hughes 5-5-3 ration had been based on a construction of this ratio which would have permitted retention of the Mutsu.

When Admiral Baron Kato head of the Japanese delegation to the Arms Conference, wishes to make no reply to a question put to him by the correspondents he assumes the air of one who knows nothing about the English language. But when the Admiral Baron is asked something that he cares to talk about he will reply in about as good English as the average American citizen. It all depends upon the viewpoint and is a practice not uncommon among many Orientals.

## Make Merry at Event Given By Kiwanians

Kiwanis were injected into the conference on disarmament he predicted that the questions involved soon would be settled.

John J. Boobar, of Washington, made a short speech which was along factitous lines which brought forth considerable applause. Charles Roberts, of Washington, congratulated the local organization on its successful ladies' night celebration.

George Baker, of Washington, expressed gratification at being present

About forty ladies were the recipients of boost prizes among them being many handsome gifts. However, in the list was ice and a live duck, roll tops and other things too numerous to mention.

The names of the prize winner were drawn from a hat by Miss Courtney Cochran.

The first half of the prizes were distributed by J. Randall Caton, Jr., and the second half by Rev. Dr. E. V. Regester. The boost prize men throughout the evening kept the audience in an uproar as they commented on the prizes and on the donors of the prizes. This proved one of the most enjoyable features of the evening. There were both brick bats and boquets thrown by both, and hart hits were in order.

Those who received prizes were Mrs. George A. Baker, Miss Mildred Crockett, Miss Mary D. Pierce, Miss Nina Fulton Mrs. Eva G. Mushback, Miss Hattie Douglas, Mrs. Mary J. Clarkson, Mrs. William Illch, Mrs. R. E. Knight, Mrs. Harry W. Wade, Miss Elizabeth Demaine, Mrs. Arthur Herbert, Miss Cora Cochran, Mrs. Joseph E. Schwarzmann, Miss Helen Schaeffer, Mrs. Arthur H. Bryant, Mrs. Charles F. Holden, Mrs. C. C. Crampton, Mrs. Carl Budwesky, Miss Ethel Barton, Mrs. Charles F. Roberts, Mrs. Jean Roberts, Mrs. Alberta D. Duffey Mrs. D. N. Hulfish, Mrs. Jerome Kaufmann, Miss Mary E. Harryman, Mrs. J. Robert Tomlin, Mrs. Kenneth W. Ogden, Miss Hilda Schneider, Mrs. C. E. Outcalt, Mrs. W. H. Thomas Mrs. J. A. Eggborn, Miss Margaret Moncure, Mrs. Claude W. Fletcher, Mrs. Joseph A. Carey, Mrs. Shirley Risdon, Miss Katherine Waller, Mrs. Arthur Herbert, Mrs. R. E. Acton Mrs. Gardner L. Boothe, Mrs. Carroll Pierce, Miss Jean Roberts, Miss Abbie F. Hoxton, Mrs. W. A. Moore, Mrs. C. Page Waller.

Regarding the supper, while last it is not the least. It was one of the important features of the evening. Elaborate menu was served by a committe of ladies under the direction of Miss Cora Cochran. There were six big tables and they were prettily decorated with large yellow chrysanthemums and tiny incandescent bulbs furnished the illumination. Novelty caps of every color of the rainbow, tin whistles, rattlers and other novelties were placed at every plate and there also was a glass of pure ice water. IF HEADACHE IS DUE TO DEBILITY

Gude's Pepto-Mangan Restores The Blood to Natural Vigor

Many people who suffer from headaches never find the real cause. They do not know that a condition of debility, with blood thin and watery, is likely to cause ailments of any kind. Headaches are frequently brought on by a weakened conditon. The body is more sensitive to pain and until the blood is healthy it is almost impossible to establish a cure for headaches. It is of the utmost importanuce to build up the blood first. People subject to headaches are usually in a more or less run down condition.

A course in Gude's Pepto-Mangan taken in either liquid or tablet form, builds the blood, restores it to its natural normal state, full of red corpuscles, the little cells which make blood red in color. Thousands of people are finding that headaches are due to nothing but a weakened condition caused by impure blood clogged with poisons. Buy Gude's Pepto-Mangan of your druggist. He has it in liquid and tablet form. Advertisement.

## DOUBLE HEADER

A. L. I. VS. St. Paul And Girls VS. Girls

On Saturday night at Armory Hall there will be a treat in store for all basketball fans, Alexandria's leading team, the A. L. I., will meet St. Paul A. C. of Washington, who comes here undefeated, having won their last three starts. From all news concerning this team they will give the army lads a hard run. Alexander, Seiple, Sampson, Williams, Tulloch, Peyton, Noll and Hayden, will be seen in action. Le Groote, the big six foot soldier from Fort Hunt, will be seen in action. The next feature of the evening will be a game between the girls—Daredevils vs. Friends, old rivals. The last game between these two teams resulted in a score in favor of the Daredevils by the score or 4 to 3. The first game starts at 7:30.

## INCREASING INTEREST

The largest audience assembled at the First Baptist church last evening to listen to the sermon of Rev. W. H. Brannock on "Christ Stilling the warded off by the presence of the Lord of Life. The interest was tense Storm." It was a most effective presentation of the way in which the Master comes into the storms of life, into the trouble and sorrow of human experience. He related out of a fund of personal experience telling incidents how our Lord had stilled the tempest in the home and in the heart. He told of tragedies impending and and quite a number come forward in the quiet invitation. There are no clap-trap methods and the after service is not prolonged. Quite a large number of workers are steadily engaged in prayer and in personal service. Sunday will be a day of great climax, it is believed, to the gradually increasing tide of power. It will be a fine opportunity for all Sunday school teachers to clinch the teaching upon the pupil. Members and workers of all churches are cordially invited to attend. The topic for the service this evening will be, "Get Back to God." A beautiful solo of invitation was sung gy Miss Sue Risheill.

# Getting Ready For the Big Pay Day

**There's a big pay day coming for the folks who have joined the Mt. Vernon Savings Bank's Insured Savings Plan.**

On that pay day everybody is going to get a check for $1,000. And if they don't live to see that pay day their loved ones will get the $1,000.

Here's what these folks are doing: Every one of them, on the average, is putting away $8.20 a month.

This money is not only saved for them, but, having been accepted under the plan and furnished satisfactory evidence of good health, the mere act of saving this small amount each month also insures their lives for $1,000 at no additional expense.

Just think of that! Under this plan, which is presented by the Mt. Vernon Savings Bank and the Continental Assurance Company, there's no chance of losing out.

If you live, you get the $1,000 you've saved, and if you die, your loved ones get it.

If you should become permanently incapacitated, your plans will go through just the same, for the Continental Assurance Company will pay you $10 a month with which to keep up your payments.

Just think what this means to the man of modest means, who doesn't know whether to save money or carry insurance! By this plan he can do both at the same time.

At the end of one of the most successful football seasons in many years the Alexandria High School boys are the proud possessors of a pennant bearing the inscription "Eighth Congressional District Champions." Under the guidance of Coaches James Hasson and R. C. Hayden, the Alexandria team piled up a season score of 141 points and allowed its opponents only a score of 75. Alexandria played a total of nine games of which number it was victor in five, defeated in two and in two the game resulted in a tie, as will be shown in the following summary of the season: A. H. S. 13, Virginia Athletic Club 13; A. H. S. 12, Business High 0; A. H. S. 0, Episcopal High 28; A. H. S. 7, Gonzaga College 7; A. H. S. 18, Emerson Institute 0; A. H. S. 20, Leesburg 0; A. H. S. 20, Culpeper 0; A. H. S. 48, George Mason 7; A. H. S. 3, Charlottesville High 20. The game with Charlottesville High School was for the Eastern championship of the state and was lost. The following men will receive the High School "A" at the football banquet which will be given some time in the near future by the girls of the Athletic Association: Clarence Dyson, Ruben Hayman, Frank Nowland. Thomas McDermott, Theodore Beach, Marion Pohl, George Fletcher, Captain Fred Petitt, Stanley Dreifus, Robert Midkiff, Jack Pohl, Marshall Travers, Henderson Suthard and Emmett Bullocks. Special mention is also made of George Bayliss as he was one of the men who, although not receiving the letter, helped to make the team the success it was and will, without a doubt, be one of the future stars for his team. The second string men coming across big are the Harberg brothers, Phillip and George, Charles M. Shepperson, Jr., Bennett Moore, Malcolm Moore, Benny Hayman, Louis Shapiro, Windsor Demaine and Alton Ayres.

Several players are in the graduating class of next June, their loss will be heavily felt by the team but it is expected that with this year's substitutes and the several huskies who will be acquired by he way of Washington school that the team will make for itself a record that will equal if not surpass that of the team of this season: Clarence Dyson, Frank Nowland, Thomas McDermott, Captain Fred Pettit, Stanley Dreifus, Jack Pohl and Marshall Travers are the members of the graduating class.

It is announced that the basketball prospects are unusually good for the coming season which will open in a very short time.

### *Parker-Gray School*

This week the Snowden School Alumni association placed in the Parker-Gray school 13 clocks, one on each teacher's desk and a large regulator in the auditorium. Six globes to aid in teaching geography have been ordered and are expected in a few days.

An upright piano is very much needed as the old one is in very bad shape. Its days of usefulness have long since passed.

If the members and friends of the association will respond promptly with their contributions, we will soon place a good instrument in the school which will not only be a credit to the school and the association, but will be of service for a long time.

Please send your contributions to any member of the executive committee or to R. D. Lyles, 616 S. Columbus street, who will send you a receipt thereon.

MISS FRANCES NEWMAN, Chicago Ill.

"Only a medicine of truly wonderful merit could have done what Tanlac did for me and there is nothing half good enough for me to say about it," said Miss Frances Newman, 2639 Hirsch St., Chicago.
"I don't think anybody ever suffered any more from indgestion than I did and for over a year I was in wretched health. I had smothering spells and my heart palpitated so violently I thought I had heart trouble, but I know now it was all caused from my stomach.
"Since taking Tanlac I feel and look like a different person. I have a splendid appetite and my digestion is just perfect. I sleep eight or nine hours every night and get up in the morning feeling fresh and happy. My friends tell me I'm always smiling now and I certainly ought to be, for I'm enjoying life again."
Tanlac is sold in Alexandria by Edgar Warfield, Jr., and all leading druggists elsewhere.

Fredericksgurg. — The historic Spottswood Inn, at Spotsylvania Courthouse, ten miles from this city, has been purchased by Mrs. Willie Rhoades Waller, of that county, from Frederick W. Coleman, of this city. The property consisted of the hotel, outbuildings and 94 acres of land. Mrs. Waller has taken possession of the property and will remodel the inn. This property is one of the historic landmarks of Spotsylvania county. It was used by Gen. Robert E. Lee as headquarters during the battle of Spotsylvania Courthouse and Bloody Angle. It is a mecca for tourists en route from the North to Florida, and its historical associations are of intense interest.

### IN MEMORIAM

A tribute of love and memory to our dear mother, NANCY SUTTON, who died 24 years ago December 2, 1897.

The midnight stars are gleaming,
Upon her silent grave,
The One we loved so dearly,
And tried so hard to save.

The dear one now is sleeping,
No care is on her brow
Oh blame us not for weeping,
We have no mother now.

On you dear mother we could depend,
And knew we had one sincere friend,
And the hours on earth you spent,
Your heart to ours was always bent.

And when God summons us from this life to happiness true,
At the gates you'll be waiting dear mother to welcome and greet us anew.

### RICHMOND THEATRE

Charles Ray has surrounded himself with a cast of exceptional talent in his latest First National starring vehicle, "Two Minutes to Go," which will be the attraction at the Richmond Theatre today.

Mary Anderson, popularly known as "Sunshine Mary," is to be seen as Ray's leading lady in this vehicle, Lincoln Stedman, the good-natured fat boy, who has been seen with Ray in many of the star's past releases, has an important part.

### INGOMAR—George Walsh

George Walsh and his white racer will be seen at the Ingomar Theater tonight in the Fox photoplay "Blue Blood and Red." He is given in this play a wonderful opportunity to display his athletic as well as his emotional power, and takes full advantage of them.

Miss Doris Pawn who plays the part of the heroine, is a clever little actress and an execllent foil for the star.

BAYER
**Aspirin**
Never say "Aspirin" without saying "Bayer"

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12, and in bottles of 24 and 100. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

### CALOMEL SALIVATES AND LOOSENS TEETH

The Very Next Dose of This Treacherous Drug May Start Trouble

You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

## Oehlert Given 20 Years

bunk of two fellow prisoners in an adjoining cell. Since then he has been closely guarded for fear that he might make another effort to escape. Oehlert it was afterward discovered was well supplied with hack saws.

His supposed absence from the jail was discovered the morning of November 18 and he was found by the jailor hiding the morning of November 20. Since then he has been closely guarded.

Oehlert the night of November 12, 1918, while in the Southern Railway yards in this city, shot and killed Linwood Kidwell where both were employed. He was given three trials before his case finally was disposed of. His first trial took place in April 1919, and in April 1, 1919, a jury returned a verdict of guilty and fixed his punishment at ten years in the penitentiary.

May 10, 1919, a second trial was held and this resulted in a hung jury On September 27, 1919, a jury from Fredericksburg, Judge Chichester of Fredericksburg presiding, found Oehlert guilty of involuntary manslaughter and he was sentenced to serve six months in jail. The court allowed the time he had spent in jail to go on his sentences and he had only eighteen days to stay in jail.

The case of Richard Stuart, whose pistol it is alleged Oehlert used, which was slated for trial today, was postponed till the January term of court.

**IN GROWN TOE NAIL TURNS OUT ITSELF**

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the toe nail, that it can not penetrate the flesh, and the nail turns naturally outward almost over night.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.
